

WHEN THE MISSION IS CRITICAL®

upgrade your fleet to 5G with PMC

PMC Wireless is excited to introduce the **Ericsson (formerly Cradlepoint) R980 5G Router**—the next evolution in fleet connectivity.

BUNDLE & SAVE

For a limited time, bundle an **R980 5G Router** with **select Getac rugged devices**—all for one low price.

WHY 5G?

5G isn't just about speed—it's about performance, reliability, and coverage. With multiple frequency layers, 5G delivers:

- Greater bandwidth for seamless connectivity
- Lower latency for real-time data transfer
- Optimized coverage to keep you connected wherever duty calls

INSTALLATION AVAILABLE

PMC is on state contracts in NJ, NY and PA, so contact us today to upgrade in your area.

WHY GETAC?

For over 30 years, Getac has been the leader in rugged mobile technology. Designed to withstand the toughest environments, Getac devices offer:

- Industry-leading durability
- Superior performance for public safety & enterprise fleets
- Unmatched service & support

UPGRADE TODAY!

Future-proof your fleet with 5G-ready solutions from PMC Wireless

Save when you bundle an Ericsson Cradlepoint R980 with one of three select Getac devices (see image above)
