

Getac in-vehicle video products

COMPLETE END-TO-END VISIBILITY & ACCOUNTABILITY | FLEXIBLE OPERATION | SECURED IN AZURE GOVCLOUD

VR-X20 DVR

VR-X20 DVR features AI-empowered computing platform that supports ALPR, merges video and data from multiple sources at once, and enables multi-tasking.

CA-NF21 FHD Camera

Designed to surpass existing products in both quality and low-light video recording, ZeroDark sensor technology excels in capturing essential details even in darkness.

CA-NF42 Ultra HD Dual Lens Camera

Featuring dual 4K cameras and AI-enabled auto license plate recognition, the ZeroDark CA-NF42 in-vehicle camera offers unparalleled visibility and functionality for patrols.

CA-NF21 FHD Infrared Backseat Camera

Nighttime operations often suffer from reduced visibility, particularly for cameras. The ZeroDark FHD Infrared Backseat Camera addresses this issue, enabling effective work in the darkest conditions.

CU-D50 5-inch HD Display

With a resolution of 800x480, this display is 2.5 times higher than its nearest competitor. It features a multi-touch interface and user-friendly control buttons, designed for simplicity and frequent use.

BC-04 4K Ultra HD Rugged Body Camera

The BC-04 bodycam stands out in public safety and private security deployments, boasting 4K Ultra HD video performance and dual SIM card slots.
